|      | a. Policy and Privacy Subcommittee Update   | Kelly Jolley, McNair Law Firm |
|      | i. Draft policy manual and provider agreement   |                               |
|      | b. Technical Subcommittee Update  | David Patterson, ORS          |
|      | i. Update on SCHIEEx development  |                               |
|      | ii. Issues raised by IGC and Privacy and Policy Subcommittee  |                               |
|      | 1. Can SCHIEEx staff open medical records in transit?   |                               |
|      | 2. Is health information encrypted during transmission? Does this mean that only the “envelope” and not the contents is readable until it goes through another adaptor (whether attached to an EMR or the SCHIEEx thin EMR viewer)? |                               |
|      | 3. If patients who originally opted out later opt in, will only data from the opt-in date be available?   |                               |
|      | 4. Can a site administrator see who has logged on to SCHIEEx and who has accessed which patient files through a web viewer?   |                               |
|      | 5. Can SCHIEEx provide real time audit reporting / disclosure accounting or is this something that happens at specific times (1x week, 1x month, etc).  |                               |
|      | 6. Who is SCHIEEx’s audit host?   |                               |
|      | 7. Is it possible to limit reporting of HPV and AIDs vaccines?  |                               |
